 Tom Davis KA, PA, KO

EB — Flanker Back. Plays offensive halfback, but does not carry ball. Pass receiver only.  
 PA — used most frequently for punting. PB — also punts.  
 KA — kicks extra points and field goals. KB — reserve place kicker. KO — usually kicks-off.  
 OA — returns most kick-offs, place at left halfback position when receiving kick-offs. OB — use at right halfback on kick-offs and at left halfback when OA is injured. OC — also used on kick-off return platoon.  
 TA — returns most punts, place at left safety position when receiving punts.  
 TB — use at right safety on punts and at left safety when TA is injured. TC — also used on punt return platoon.  
 Use KA or KB for kicking-off unless a KO is specified or if you have a personal choice.  
 If the player who does the punting or the place-kicking is not a back, he must be placed at the fullback position for the kick play. The quarterback holds the ball on all place kicks unless he is the kicker, in which case the fullback holds it. On kick-offs the kicker may be at any of the eleven defense positions.  
 Do not use a player at a position not specified on his card unless injuries make it impossible to field both platoons otherwise. A player may be used on both platoons if necessary or if customary. Defensive backfield players whose cards show no offense position may be used to return punts and kick-offs but not from scrimmage on the offense. Occasionally a player may have a bare offense or defense rating along with a specific position rating. The unspecified rating is used only on those single plays when the player is changed from one platoon to another due to a fumble, interception, etc., or if the player is inserted in the lineup for a single play to either kick or return a kick.
