

2023 APBA PRO FOOTBALL SET ROSTER

The following players comprise the 2023 season APBA Pro Football Player Card Set. The regular starters at each should be used most frequently. Realistic use of the players below will generate statistical results remarkably similar to those from real life. IMPORTANT: When a Red "K" appears in the R-column as the result on any kind of running play from scrimmage refer to the K-column, and use the number there for the result. When a player has a "K" in his R-column, he can

The issue is the "Jet Sweep" (slot receiver goes in motion and receives handoff from quarterback), this play is not a trick play but a designed outside run.

If a WR had 10 or more runs in a season, he will be graded (EB/HB or HB/EB). APBA considers the "Jet Sweep" (receiver in motion receiving handoff

If there is a FR-0 on a player's card, this means that whenever the player recovers a fumble, he does not advance the ball. The fumble is recovered at the spot of the fumble.

OSKR-0 Outside kick recovered no advancement. If a player has both a kickoff designation (OA, OB or OC) and an OSKR designation, use the OSKR only in the case of an onside kick.

TC-0 Punt return with no return.

KC-0 Kick return with no return.

Starting with the 2022 Pro Football season, there is a new quarterback designation (QB*). A QB* is treated like a regular running back. A QB* is graded as a combination running back.

If you are playing a QB*, you will have to call run plays for the QB. Otherwise the QB will not have enough rushing attempts using just the scrambles in the P column. Hurts is a QB* in this set.

Card Corrections:

Jeffery Simmons (TEN) j rating is J-4

Jack Fox (DET) is KOA

Michael Badgley (DET) is KOB
